Dear Rob,

Would this help to answer some of the questions I emailed you this morning? Also I left a box on the table in your cube with some more documents that came in from the Federal Records Center that Mark Ripperda recommended that we look at. Thanks!

Dear Sara,

Thank you for getting these documents, and thank you for offering to deliver. I have had back problems, and my occupational health doctor warned me about lifting heavy items. So yes, it would be great if you could deliver to Cube 10357.
